INFORMATION ABOUT OUR USE OF COOKIES

Our website uses **cookies** to distinguish you from other users of our website. This helps us to provide you with a good experience when you browse our website and also allows us to improve our site.

A **cookie** is a small file of letters and numbers that we store on your browser or the hard drive of your computer if you agree. **Cookies** contain information that is transferred to your computer's hard drive.

We use the following **cookies**:

- **Strictly necessary cookies.** These are **cookies** that are required for the operation of our website. They include, for example, **cookies** that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.
- **Analytical/performance cookies.** They allow us to recognise and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.
- **Functionality cookies.** These are used to recognise you when you return to our website. This enables us to personalise our content for you, greet you by name and remember your preferences (for example, your choice of language or region).
- **Targeting cookies.** These **cookies** record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

Cookies which are strictly necessary are automatically placed on your computer or device when you access our website or take certain actions on our website. Analytical/performance, functionality and targeting cookies (and other technologies) are only placed on your computer or device if you have consented to us doing so. You consent to us placing these cookies on your computer or device by continuing to use our website with your browser settings set to accept cookies.

You block **cookies** by activating the setting on your browser that allows you to refuse the setting of all or some **cookies**. However, if you use your browser settings to block all **cookies** (including essential **cookies**) you may not be able to access all or parts of our site.

You can find more information about the individual **cookies** we use and the purposes for which we use them in the table below:
